MARYVILLE, MISSOURI, TUESDAY, MARCH 31, 1914.

NO. 258.

WILL TAKE CHARGE

POSTMASTER TODD TO ASSUME HIS DUTIES WEDNESDAY.

LIST OF POSTMASTERS

From the Establishment of the Post-office Here in 1845—The Retiring Postmaster Has Made Good.

The new postmaster of Maryville, James Todd, will take charge of the office tomorrow. His commission arrived Sunday and everything in the postoffice will be turned over to him tonight so he will be in full charge Wednesday.

Just about twenty years ago, or on Wednesday, November 1, 1893, Mr. Todd's father, the late James Todd, was sworn in as postmaster at Maryville. He was appointed by President Cleveland. He served twenty-nine months in that office, resigning in order to give more attention to his paper.

Maryville has had a postoffice since 1845. The first one was kept in the old court house, and it was the first office established in Nodaway county. The earliest carriers went on horseback until 1857. Then a hack was run from Savannah up to 1869. Prior to 1859 mail was brought from St. Joseph. In the sixties mail was carried from Clarinda, Ia.

The following is a list of postmasters at Maryville, from the establishment of the office.

Amos Graham, 1845; B. F. Torrance; James H. Saunders, appointed December 5, 1853; Henry T. Walker, December 5, 1853; James Saunders, December 19, 1856; John T. Boyle, March 12, 1857; George S. Baker, December 31, 1857; William J. W. Bickett, September 8, 1858; Alfred C. Votaw, February 5, 1864; John J. Kelley, February 3, 1868; William Anderson, February 7, 1870; William Anderson, July 13, 1870; Henry H. Gelger, August 5, 1873; Henry H. Geiger, January 14, 1878 (time filled out by John O'Connor); John Hann, March, 1882; W. Yehle, 1885; Lyman Parcher, 1889; James Todd, 1893; Elmer Trueblood, 1895; John G. Grems, 1897; John G. Grems, 1901; Scribner R. Beech, April 1, 1906 to April, 1914.

The postoffice is now located in the building that was built by the government, and it has been in that building since June 1, 1913.

S. R. Beech, the retiring postmaster, has made a good and efficient postmaster. He has faithfully attended to the duties of the office.

Mr. Todd is the first Democratic postmaster since Elmer Trueblood was appointed in 1895 by President Cleveland.

"PRINCESS CHIC" TONIGHT.

Is a Comic Opera With Considerable Reputation.

"Princess Chic," which comes to the Empire theater this evening, unquestionably is in the front rank of the great American comic opera successes of the decade responsible for the select small list that would include such wonderful hits as "Dolly Varden," "Florodora," and possibly half a dozen others. The Juvenile Bostonians Opera company is bringing the piece here in a production modeled as closely after the original lines as the same men who groomed it for its memorable New York first night could direct. A notable and entirely adequate cast, including twenty-five girls—the largest company the Juvenile Bostonians ever has carried—has been provided, principal roles having been assigned to such well known favorites of musical comedy as "Thom" Hellen, "Daisy" Henry, "Dixie" White, "Patsy" Henry, "Ina" Mitchell and "Billy" O'Neill. Thom Hellen will be seen here in the great role of "The Princess Chic," one which gives her glorious voice and exceptional acting abilities fullest play.

"Princess Chic," despite a smashing first success that has given it the unsurpassed record of a solid year in New York and six months in Boston, still is high favorite in the east, and only a few weeks ago a new production starring Ilon Bergere, presented in San Francisco, instantly became the rage of that town, overshadowing a half dozen other of the greatest present season attractions.

Guest From St. Joseph.

Prof. Milan B. Wallace of St. Joseph visited in Maryville over Sunday with his aunt, Mrs. William Dempsey, and Mr. and Mrs. J. S. Stewart. Professor Wallace teaches in the St. Joseph high school.

NO WORD RECEIVED.

County Authorities Have Found No Trace of Relatives of Dead Man.

Telephonic communication with the city officers of Sedalia yesterday failed to reveal any relatives of "Dutch Charlie" Heimburg, whose body lies at the Price & McNeal undertaking parlors. It was rumored that a sister of the dead man lives at Denver, Col., and copies of the local papers were sent to the chief of police of that place with a hope of finding her.

THE MARYVILLE GUN CLUB.

Such is the Name of a New Organization Perfected Last Week—Tindall is President.

The Maryville Gun club perfected an organization last week and elected officers for the ensuing year. W. A. "Capt." Tindall was elected president and field captain.

The club had as its guests two men who travel for powder companies out of Kansas City, D. D. Gross from the Dupont Powder Co. and W. C. Concanon, who is with the Remington Arms Co. Both men participated in the shoot last Sunday and were excellent shots. The men spoke very highly of the club here and suggested that with a little backing from the town both the club and the town would be benefited.

The club now has a membership of about thirty members and several prospective members.

The club proposes in the near future to hold a tournament shoot here, inviting the gun clubs from several other towns to participate. The shoot will be held on the club's grounds on the Harrison property, just east of the Burlington tracks.

St. Louis Postmaster at Work Getting the Names of Produce and Dairy Farms.

Postmaster Colin M. Selph of St. Louis has received instructions from Postmaster-General Burleson to prepare and organize his office so as to be an intermediary between the produce farmer, dairyman and poultryman, and the consumer living in St. Louis.

Lists will be printed containing the names of all farmers in Missouri, Illinois, Iowa, Arkansas and Oklahoma who wish to ship eggs, butter and general produce to consumers in St. Louis via parcel post service. These lists will be distributed by letter carriers to patrons of the St. Louis postoffice or supplied to consumers in St. Louis on application. Postmaster Selph has sent out a request to the farmers, dairymen and poultrymen of Missouri, Illinois, Iowa, Arkansas and Oklahoma to send in their names and addresses and the kind of produce handled, also whether they handle butter, eggs, general produce, fruits, etc. The postmaster general is very much interested in this new scheme to bring the producer and consumer together by direct sale and delivery through parcel post and has instructed Postmaster Selph to use every possible means to obtain the information from the farmers in relation to what they grow and produce and to give the plan the widest publicity.

Those who desire to have their names included in the produce list should send same to Postmaster Selph at once. He will publish not later than the 6th of April, a bulletin for distribution, and thereafter will publish same semi-monthly, containing full information.

Consumers in St. Louis who desire lists should make application now.

THE MASS MEETING

TO BE HELD THIS EVENING AT THE COURT HOUSE AT 7:30.

TO SELECT ROMASSER

City Campaign Will Start Wednesday and It is Being Predicted That It Will Be a Close Contest.

A mass meeting is to be held at the court house this evening at 7:30 o'clock, when the non-partisan ticket will be selected. All citizens, regardless of politics, are urged to be in attendance.

Augustus Romasser will head this ticket and the indications are that he will not have any opposition in the convention. John G. Grems will probably be the choice of the convention for city collector. The only contest that will be before the convention will be that of E. C. Moberly and Frank Partridge for city marshal, and it is predicted that Moberly will win. There was some talk today that John A. Wallace might be a candidate at this evening's meeting, but it could not be confirmed.

For alderman, Jesse Fisher will be a candidate from the first ward, C. F. Welborn from the second ward, H. I. Raines from the third ward and W. A. Tindall from the fourth ward.

It is expected that the city campaign will commence in earnest on Wednesday. Many are of the opinion that it will be a close race between Gus Romasser and U. S. Wright, while the leaders are predicting their candidate will win by a good vote. Mr. Wright will not submit his name at the convention this evening.

Leaders of the People's ticket are very much encouraged, as they all say that their petitions are being widely signed by the voters here.

The People's ticket is composed of Mr. Wright for mayor, Sam G. Seeman for city collector, E. C. Moberly for city marshal, Hal T. Hooker for alderman from the first ward, Frank Garrett for alderman from the second ward, Charles McNeal for alderman from the third ward, and W. A. Tindall for alderman from the fourth ward.

THE GIRLIES WERE SLEEPY.

"Princess Chic" Juvenile Bostonians Came in This Morning and Looked Motherless.

A bunch of seventeen young girls in long red coats and red Tams got off this morning's Burlington train. Some were tall, some short and plump, two or three real short and slender, as little fragile children, all more or less pretty, and every last one of them sleepy and looking like they needed their mamma.

They are stopping in town today at the Linville hotel and tonight will appear in "Princess Chic" at the Empire theater.

For these girls are the famous Juvenile Bostonian Opera company we have been reading so much about. They played in Bedford Monday night and they are sure juveniles. It won't be all make-up on the stage tonight.

They were mighty sleepy this morning and the little ones blinked sleepy eyes and hung on to the tall ones and dragged tired feet along the depot platform to the bus. Every last one of them looked as though they ought to be tucked in bed by some good mother every night, and sent to school every morning. And we do not doubt those little bits of ones wished they were at grandma's house or some other good place where they could sleep and rest all they wanted to this morning.

But everybody will go and hear them tonight, of course, and they will be pretty and sing to the delight of all who hear them. They look like they can do it. And then these little girls will get up in the morning and go off some other place as sleepy as ever. But then, that doesn't make any difference. The people must have entertainment; something new and novel.

The New York girl, spending her vacation in the county, was complaining to the farmer about the savage way the bull regarded her.

"Dear me," said the girl; "of course, I know it's awfully out of fashion, but I had no idea a country bull would notice it!"—New York World.

Arts and Crafts Meeting.

The Arts and Crafts department of the Twentieth Century club was entertained Monday afternoon at the home of Mrs. D. J. Thomas. "Tapestry" was the subject for discussion under the leadership of Mrs. E. G. Orear, who gave the history of the origin of tapestry. Mrs. George P. Bellows gave a most interesting talk of her visit to the famous Gobelin looms in Paris, and spoke of the difference in the weave in other looms of France, Beauvais and Aubusson, and the loom of Savonnerie that emanated from a soap factory, the name being derived from the French word for soap. There were several exhibitions of German and American tapestry. After the program Mrs. W. A. Rickenbrode gave a lesson in basketry, and the coming Friday afternoon of this week will give the final lesson on the piece of work started Monday at Mrs. Thomas' home. The guests Monday afternoon were Mrs. Tausey, the sister of Mrs. G. H. Colbert, and Mrs. M. A. Ummethun of Kansas City, the guest of her daughter, Mrs. E. G. Orear.

Announcement Party.

One of the prettiest parties of the season was given by Mrs. Lester Jones last Saturday afternoon at Maple Place, in honor of her sister, Miss Golda Roach. Each guest on entering the reception hall was presented by the hostess with a card containing a sketch of a chick just emerging from an egg. Below was written:

"JUST OUT."

"What—The Easter wedding."

"When—April 14, 1914."

"Where—M. E. church."

"Who—Golda Roach and Mark Hiles."

The fact of Miss Roach's engagement has been understood for some time by her friends, but the manner of the wedding was unknown to them. During the afternoon the hostess displayed for the pleasure of her guests the trousseau and the linen chest of the bride-elect, containing the dainty work of her loving hands, and filled with the sweetness of the sacred secret so lovingly kept by the bride-elect during the months of her preparation for her marriage. A dainty two-course luncheon in pink and white was served by the hostess, the favors being pink and white roses. A FARM CLEAN-UP DAY.

Such a Day, if Observed, Would Do Good—Right Now is the Proper Time.

In Missouri there is talk of a farm clean-up day. The idea is new—and is as good as it is new.

A state-wide farm clean-up day would be a red letter day, indeed. If not a day to be generally observed throughout the entire state, then there might be a farm clean-up day in counties, in school districts, among church congregations, in any neighborhood. For need one farmer wait for another—a good example on the part of one man may result in a desire for a general farm clean-up day in that community.

Missouri farms compare favorably, in point of cleanliness, neatness and order, with those of any state, yet there is much that might be done on a farm clean-up day.

Right now, in the spring of the year, some of the accumulated refuse of winter should be removed. Possibly this would include decayed and disease-breeding vegetables in basement or cellar.

About the barns there may be piles of manure, rich in plant food, which should be taken to the fields.

Possibly the barnyard is littered with worn-out farm implements, old wagons and other discarded stuff—and may be the woodpile has spread out and there is need of it being corded up.

Sometimes there are, in this wood head, pieces of timber in which are dangerous nails, such as too often cause the loss or injury of some good horse or mule. The nails are dangerous to every member of the family, especially when the little folks begin to go barefooted. Get the old nails out of the way.

Destroy fly breeding places. It will do but little good to swat the fly and at the same time allow the fly breeding quarters to remain undisturbed.

A farm clean-up day may also include the beautifying of the farm home. Maybe mother or sister or wife would like some new flower beds or old ones fenced or fixed.

The observance of the day might also include the planting of trees, shrubs and flowers.

A little later, after the spring rains, whitewashing should be made a part of the farm clean-up day.

No matter at what season of the year, from April to November, there is much that might be done.

With the hope of a big corn crop this year, a farm clean-up day should include the destruction of rat harbors and of insect breeding places.

A farm clean-up day would make for health, for fewer flies and less typhoid fever. It would result in arousing a new pride in the occupants of the farm home—and might result in arousing a new pride in keeping many splendid boys and girls in the country. It would make the farm, now the best place to live, still a better place.

And yes, an appropriate close for the farm clean-up day, when the old home was looking spick-an-span, would be to place the farm name at the front gate.

Pride.

"Yes One set is composed of people who have undergone operations for appendicitis, and the others have had the children's adenoids removed."—Chicago Record-Herald.

VILLA BEATEN ALL ALONG LINE

Such is Statement of Mexican
Federal Consul at El Paso.

WIRES TO TORREON SILENT.

Constitutionalist Troops Lured Into
Smelter and Bull Ring and Mines
Are Exploded, Say Messages From
Federals.

El Paso, Tex., March 31.—That General Villa has been repulsed at Torreon after nearly a week of desperate fighting was the opinion generally expressed here by foreign refugees from Mexico.

The opinion was based on the absence of news from impartial observers from the front, on a statement given out by the Mexican federal consul there, and on stories told by Americans from Chihuahua and other Mexican cities.

A Colorado mining man just in from Parral said that the city was crowded with rebel wounded. Arrivals from Chihuahua quoted two Americans, who arrived there from the front, as stating that the rebels had suffered terribly in dead and wounded and were by no means having the success which they have reported.

The consul asserted that Villa had been defeated all along the line.

Two telegrams from the Mexican federal consul at Eagle Pass, Tex., who said the information came direct from Torreon by wire, were received and federal sympathizers were jubilant. The messages said the rebels were drawn into traps in the bull ring and the smelter at Torreon and that mines were exploded under them. The consul said that the rebels had retreated at all points, including Gomez Palacio and Lerdo.

A telegram, credited to Federal General Mass, said that federal troops cut a retreating rebel column to pieces, killing 600.

SON ELOPES; LOSES FORTUNE

Robert Hunicke of St. Louis Disinherited by Mother.

St. Louis, March 31.—Mrs. M. H. Curtis of Glendale, St. Louis county, a wealthy widow, has disinherited her son, Robert Hunicke, eighteen years old, after learning that he had eloped to St. Charles, Mo., with Miss Myrtle E. Harris, sixteen years old, daughter of Mr. and Mrs. John Harris of Chicago.

Young Hunicke's father-in-law, formerly was agent for the Frisco railroad at Glendale. The Harris family is not wealthy. Mrs. Curtis declared she never wished to see her son or his wife. She declared she would make her will immediately and cut him off with \$1.

Mob Attacks Crew of Freight Train.
Pittsburgh, March 31.—A freight crew on the Monongahela division of the Pennsylvania railroad was attacked at Fredericktown, Pa., by a mob of 500. Stones were thrown and shots fired, but not one was hurt. The crew was finally rescued by police sent from Brownsville. This was the most serious of a series of disturbances that characterized the strike of trainmen on the division during the night.

Icebergs Nearly Crush Ship.

New York, March 31.—Captain Hansen of the Norwegian steamer Magdalen, which arrived from Fowey, England, reported that the ship had been nearly crushed by icebergs off the banks of Newfoundland to the north of the Atlantic liners' lane. One night the steamer was jammed between two icebergs and remained for sixteen hours in the ice, which threatened to crush its sides.

Philadelphia Is Enjoined.

Philadelphia, March 31.—The state supreme court enjoined the city of Philadelphia from holding a special election today, at which the people were to decide whether to authorize a loan of \$12,900,000 for municipal improvements, and the court at the same time issued a second injunction preventing the city from floating a loan of \$8,600,000, authorized by the voters at an election last November.

Eastern Railroads Show Big Decrease.

Washington, March 31.—A decrease in net operating income of \$51,026,935 or 22.51 per cent, of the eastern railroads was described in a statement submitted to the interstate commerce commission at the resumption of hearings in the advance rate case covering a period of seven months ended Jan. 31, 1914, as compared with the corresponding period of last year.

G. O. P. Committeeman Quits.

Wilmington, Del., March 31.—General T. Coleman DuPont tendered his resignation as a member of the Republican national committee from Delaware at a special meeting of the Republican national state committee. General DuPont gave as a reason that increasing demands on his time by his business prevented him from giving proper attention to political affairs.

Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded \$235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.

Our first excursion to this country of opportunity will be April 7th. For rates and terms see

The new postmaster of Maryville, James Todd, will take charge of the office tomorrow. His commission arrived Sunday and everything in the postoffice will be turned over to him tonight so he will be in full charge Wednesday.

Just about twenty years ago, or on Wednesday, November 1, 1893, Mr. Todd's father, the late James Todd, was sworn in as postmaster at Maryville. He was appointed by President Cleveland. He served twenty-nine months in that office, resigning in order to give more attention to his paper.

Maryville has had a postoffice since 1845. The first one was kept in the old court house, and it was the first office established in Nodaway county. The earliest carriers went on horseback until 1857. Then a hack was run from Savannah up to 1869. Prior to 1859 mail was brought from St. Joseph. In the sixties mail was carried from Clarinda, Ia.

The following is a list of postmasters at Maryville, from the establishment of the office.

Amos Graham, 1845; B. F. Torrance; James H. Saunders, appointed December 5, 1853; Henry T. Walker, December 5, 1855; James Saunders, December 19, 1856; John T. Boyle, March 12, 1857; George S. Baker, December 31, 1857; William J. W. Bickett, September 8, 1858; Alfred C. Votaw, February 5, 1864; John J. Kelley, February 3, 1868; William Anderson, February 7, 1870; William Anderson, July 13, 1870; Henry H. Geiger, August 5, 1873; Henry H. Geiger, January 14, 1878 (time filled out by John O'Connor); John Hann, March, 1882; W. Yehle, 1885; Lyman Parcher, 1889; James Todd, 1893; Elmer Trueblood, 1895; John G. Grems, 1897; John G. Grems, 1901; Scribner R. Beech, April 1, 1906 to April, 1914.

The postoffice is now located in the building that was built by the government, and it has been in that building since June 1, 1913.

S. R. Beech, the retiring postmaster, has made a good and efficient postmaster. He has faithfully attended to the duties of the office.

Mr. Todd is the first Democratic postmaster since Elmer Trueblood was appointed in 1895 by President Cleveland.

"PRINCESS CHIC" TONIGHT.

Is a Comic Opera With Considerable Reputation.

"Princess Chic," which comes to the Empire theater this evening, unquestionably is in the front rank of the great American comic opera successes of the decade responsible for the select small list that would include such wonderful hits as "Dolly Varden," "Florodora," and possibly half a dozen others. The Juvenile Bostonians Opera company is bringing the piece here in a production modeled as closely after the original lines as the same men who groomed it for its memorable New York first night could direct. A notable and entirely adequate cast, including twenty-five girls—the largest company the Juvenile Bostonians ever has carried—has been provided, principal roles having been assigned to such well known favorites of musical comedy as "Thoni" Hellen, "Daisy" Henry, "Dixie" White, "Patsy" Henry, "Ina" Mitchell and "Billy" O'Neill Thom. Hellen will be seen here in the great role of "The Princess Chic," one which gives her glorious voice and exceptional acting abilities fullest play.

"Princess Chic," despite a smashing first success that has given it the unsurpassed record of a solid year in New York and six months in Boston, still is high favorite in the east, and only a few weeks ago a new production starring Ilon Bergere, presented in San Francisco, instantly became the rage of that town, overshadowing a half dozen other of the greatest present season attractions.

Guest From St. Joseph.

Prof. Milan B. Wallace of St. Joseph visited in Maryville over Sunday with his aunt, Mrs. William Dempsey, and Mr. and Mrs. J. S. Stewart. Professor Wallace teaches in the St. Joseph high school.

NO WORD RECEIVED.

County Authorities Have Found No Trace of Relatives of Dead Man.

Telephonic communication with the city officers of Sedalia yesterday failed to reveal any relatives of "Dutch Charlie" Heimburg, whose body lies at the Price & McNeal undertaking parlors. It was rumored that a sister of the dead man lives at Denver, Col., and copies of the local papers were sent to the chief of police of that place with a hope of finding her.

THE MARYVILLE GUN CLUB.

Such is the Name of a New Organization Perfected Last Week—Tindall is President.

The Maryville Gun club perfected an organization last week and elected officers for the ensuing year. W. A. "Capt." Tindall was elected president and field captain.

The club had as its guests two men who travel for powder companies out of Kansas City, D. D. Gross from the Dupont Powder Co. and W. C. Conannon, who is with the Remington Arms Co. Both men participated in the shoot last Sunday and were excellent shots. The men spoke very highly of the club here and suggested that with a little backing from the town both the club and the town would be benefited.

The club now has a membership of about thirty members and several prospective members.

The club proposes in the near future to hold a tournament shoot here, inviting the gun clubs from several other towns to participate. The shoot will be held on the club's grounds on the Harrison property, just east of the Burlington tracks.

St. Louis Postmaster at Work Getting the Names of Produce and Dairy Farms.

Postmaster Colin M. Selph of St. Louis has received instructions from Postmaster-General Burleson to prepare and organize his office so as to be an intermediary between the produce farmer, dairyman and poultryman, and the consumer living in St. Louis.

Lists will be printed containing the names of all farmers in Missouri, Illinois, Iowa, Arkansas and Oklahoma who wish to ship eggs, butter and general produce to consumers in St. Louis via parcel post service. These lists will be distributed by letter carriers to patrons of the St. Louis postoffice or supplied to consumers in St. Louis on application. Postmaster Selph has sent out a request to the farmers, dairymen and poultrymen of Missouri, Illinois, Iowa, Arkansas and Oklahoma to send in their names and addresses and the kind of produce handled, also whether they handle butter, eggs, general produce, fruits, etc. The postmaster general is very much interested in this new scheme to bring the producer and consumer together by direct sale and delivery through parcel post and has instructed Postmaster Selph to use every possible means to obtain the information from the farmers in relation to what they grow and produce and to give the plan the widest publicity.

Those who desire to have their names included in the produce list should send same to Postmaster Selph at once. He will publish not later than the 6th of April, a bulletin for distribution, and thereafter will publish same semi-monthly, containing full information.

Consumers in St. Louis who desire lists should make application now.

THE MASS MEETING

TO BE HELD THIS EVENING AT THE COURT HOUSE AT 7:30.

TO SELECT ROMASSER

City Campaign Will Start Wednesday and It is Being Predicted That It Will Be a Close Contest.

A mass meeting is to be held at the court house this evening at 7:30 o'clock, when the non-partisan ticket will be selected. All citizens, regardless of politics, are urged to be in attendance.

Augustus Romasser will head this ticket and the indications are that he will not have any opposition in the convention. John G. Grems will probably be the choice of the convention for city collector. The only contest that will be before the convention will be that of E. C. Moberly and Frank Partridge for city marshal, and it is predicted that Moberly will win. There was some talk today that John A. Wallace might be a candidate at this evening's meeting, but it could not be confirmed.

For alderman, Jesse Fisher will be a candidate from the first ward, C. F. Welborn from the second ward, H. I. Raines from the third ward and W. A. Tindall from the fourth ward.

It is expected that the city campaign will commence in earnest on Wednesday. Many are of the opinion that it will be a close race between Gus Romasser and U. S. Wright, while the leaders are predicting their candidate will win by a good vote. Mr. Wright will not submit his name at the convention this evening.

Leaders of the People's ticket are very much encouraged, as they all say that their petitions are being widely signed by the voters here.

The People's ticket is composed of Mr. Wright for mayor, Sam G. Seligman for city collector, E. C. Moberly for city marshal, Hal T. Hooker for alderman from the first ward, Frank Garrett for alderman from the second ward, Charles McNeal for alderman from the third ward, and W. A. Tindall for alderman from the fourth ward.

THE GIRLIES WERE SLEEPY.

"Princess Chic" Juvenile Bostonians Came in This Morning and Looked Motherless.

A bunch of seventeen young girls in long red coats and red Tams got off this morning's Burlington train. Some were tall, some short and plump, two or three real short and slender, as little fragile children, all more or less pretty, and every last one of them sleepy and looking like they needed their mamma.

They were stopping in town today at the Linville hotel and tonight will appear in "Princess Chic" at the Empire theater.

For these girls are the famous Juvenile Bostonian Opera company we have been reading so much about. They played in Bedford Monday night and they are sure juveniles. It won't be all make-up on the stage tonight.

They were mighty sleepy this morning and the little ones blinked sleepy eyes and hung on to the tall ones and dragged tired feet along the depot platform to the bus. Every last one of them looked as though they ought to be tucked in bed by some good mother every night, and sent to school every morning. And we do not doubt those little bits of ones wished they were at grandma's house or some other good place where they could sleep and rest all they wanted to this morning.

But everybody will go and hear them tonight, of course, and they will be pretty and sing to the delight of all who hear them. They look like they can do it. And then these little girls will get up in the morning and go off some other place as sleepy as ever. But then, that doesn't make any difference. The people must have entertainment; something new and novel.

The New York girl, spending her vacation in the county, was complaining to the farmer about the savage way the bull regarded her.

"Dear me," said the girl; "of course, I know it's awfully out of fashion, but I had no idea a country bull would notice it!"—New York World.

Arts and Crafts Meeting.

The Arts and Crafts department of the Twentieth Century club was entertained Monday afternoon at the home of Mrs. D. J. Thomas. "Tapestry" was the subject for discussion under the leadership of Mrs. E. G. Orear, who gave the history of the origin of tapestry. Mrs. George P. Bellows gave a most interesting talk of her visit to the famous Gobelin looms in Paris, and spoke of the difference in the weave in other looms of France, Beauvais and Aubusson, and the loom of Savonnerie that emanated from a soap factory, the name being derived from the French word for soap. There were several exhibitions of German and American tapestry. After the program Mrs. W. A. Rickenbrode gave a lesson in basketry, and the coming Friday afternoon of this week will give the final lesson on the piece of work started Monday at Mrs. Thomas' home. The guests Monday afternoon were Mrs. Tausey, the sister of Mrs. G. H. Colbert, and Mrs. M. A. Ummethun of Kansas City, the guest of her daughter, Mrs. E. G. Orear.

Announcement Party.

One of the prettiest parties of the season was given by Mrs. Lester Jones last Saturday afternoon at Maple Place, in honor of her sister, Miss Golda Roach. Each guest on entering the reception hall was presented by the hostess with a card containing a sketch of a chick just emerging from an egg. Below was written:

"JUST OUT."

"What—The Easter wedding."
"When—April 14, 1914."
"Where—M. E. church."
"Who—Golda Roach and Mark Hiles."

The fact of Miss Roach's engagement has been understood for some time by her friends, but the manner of the wedding was unknown to them. During the afternoon the hostess displayed for the pleasure of her guests the trousseau and the linen chest of the bride-elect, containing the dainty work of her loving hands, and filled with the sweetness of the sacred secret so lovingly kept by the bride-elect during the months of her preparation for her marriage. A dainty two-course luncheon in pink and white was served by the hostess, the favors being pink and white roses. The guests of the afternoon were the nearest and dearest friends of the bride-elect and were: Mrs. Roland Wray, Mrs. Jacob Wiley, Mrs. Gordon Swinford, Mrs. Marvin Hall, Mrs. James Hutchinson, Mrs. William Heryford, Mrs. Irvin Lock, Mrs. Walter Johnson, Mrs. Roy Wolfers, Miss Ruby Ruddell, Miss Jesse Clayton and the honor guest, Miss Golda Roach.

A FARM CLEAN-UP DAY.

Such a Day, if Observed, Would Do Good—Right Now is the Proper Time.

In Missouri there is talk of a farm clean-up day. The idea is new—and is as good as it is new.

A state-wide farm clean-up day would be a red letter day, indeed. If not a day to be generally observed throughout the entire state, then there might be a farm clean-up day in counties, in school districts, among church congregations, in any neighborhood. For need one farmer wait for another—a good example on the part of one man may result in a desire for a general farm clean-up day in that community.

Missouri farms compare favorably, in point of cleanliness, neatness and order, with those of any state, yet there is much that might be done on a farm clean-up day.

Right now, in the spring of the year, some of the accumulated refuse of winter should be removed. Possibly this would include decayed and disease-breeding vegetables in basement or cellar.

About the barns there may be piles of manure, rich in plant food, which should be taken to the fields.

Possibly the barnyard is littered with worn-out farm implements, old wagons and other discarded stuff—and may be the woodpile has spread out and there is need of it being corded up.

Sometimes there are, in this wood head, pieces of timber in which are dangerous nails, such as too often cause the loss or injury of some good horse or mule. The nails are dangerous to every member of the family, especially when the little folks begin to go barefooted. Get the old nails out of the way.

Destroy fly breeding places. It will do but little good to swat the fly and at the same time allow the fly breeding quarters to remain undisturbed.

A farm clean-up day may also include the beautifying of the farm home. Maybe mother or sister or wife would like some new flower beds or old ones fenced or fixed.

The observance of the day might also include the planting of trees, shrubs and flowers.

A little later, after the spring rains, whitewashing should be made a part of the farm clean-up day.

No matter at what season of the year, from April to November, there is much that might be done.

With the hope of a big corn crop this year, a farm clean-up day should include the destruction of rat harbors and of insect breeding places.

A farm clean-up day would make for health, for fewer flies and less typhoid fever. It would result in arousing a new pride in the occupants of the farm home—and might result in arousing a new pride in keeping many splendid boys and girls in the country. It would make the farm, now the best place to live, still a better place.

And yes, an appropriate close for the farm clean-up day, when the old home was looking spick-an-span, would be to place the farm name at the front gate.

Pride.

"I understand that there are two rival social sets in this town."

"Yes. One set is composed of people who have undergone operations for appendicitis, and the others have had the children's adenoids removed."—Chicago Record-Herald.

FRANK VICTIM OF FRAMEUP

Atlanta Man's Attorney Calls Conviction Result of Blind Prejudice.

VILLA BEATEN ALL ALONG LINE

Such is Statement of Mexican
Federal Consul at El Paso.

WIRES TO TORREON SILENT.

Constitutionalist Troops Lured Into
Smelter and Bull Ring and Mines
Are Exploded, Say Messages From
Federals.

El Paso, Tex., March 31.—That General Villa has been repulsed at Torreon after nearly a week of desperate fighting was the opinion generally expressed here by foreign refugees from Mexico.

The opinion was based on the absence of news from impartial observers from the front, on a statement given out by the Mexican federal consul there, and on stories told by Americans from Chihuahua and other Mexican cities.

A Colorado mining man just in from Parral said that the city was crowded with rebel wounded. Arrivals from Chihuahua quoted two Americans, who arrived there from the front, as stating that the rebels had suffered terribly in dead and wounded and were by no means having the success which they have reported.

The consul asserted that Villa had been defeated all along the line.

Two telegrams from the Mexican federal consul at Eagle Pass, Tex., who said the information came direct from Torreon by wire, were received and federal sympathizers were jubilant. The messages said the rebels were drawn into traps in the bull ring and the smelter at Torreon and that mines were exploded under them. The consul said that the rebels had retreated at all points, including Gomez Palacio and Lerdo.

A telegram, credited to Federal General Mass, said that federal troops cut a retreating rebel column to pieces, killing 600.

SON ELOPES; LOSES FORTUNE

Robert Hunicke of St. Louis disinherited by Mother.

St. Louis, March 31.—Mrs. M. H. Curtis of Glendale, St. Louis county, a wealthy widow, has disinherited her son, Robert Hunicke, eighteen years old, after learning that he had eloped to St. Charles, Mo., with Miss Myrtle E. Harris, sixteen years old, daughter of Mr. and Mrs. John Harris of Chicago.

Young Hunicke's father-in-law, formerly was agent for the Frisco railroad at Glendale. The Harris family is not wealthy. Mrs. Curtis declared she never wished to see her son or his wife. She declared she would make her will immediately and cut him off with \$1.

Mob Attacks Crew of Freight Train.

Pittsburgh, March 31.—A freight crew on the Monongahela division of the Pennsylvania railroad was attacked at Fredericktown, Pa., by a mob of 500. Stones were thrown and shots fired, but not one was hurt. The crew was finally rescued by police sent from Brownsville. This was the most serious of a series of disturbances that characterized the strike of trainmen on the division during the night.

Icebergs Nearly Crush Ship.

New York, March 31.—Captain Hansen of the Norwegian steamer Magdalen, which arrived from Fowey, England, reported that the ship had been nearly crushed by icebergs off the banks of Newfoundland to the north of the Atlantic liners' lane. One night the steamer was jammed between two icebergs and remained for sixteen hours in the ice, which threatened to crush its sides.

Philadelphia Is Enjoined.

Philadelphia, March 31.—The state supreme court enjoined the city of Philadelphia from holding a special election today, at which the people were to decide whether to authorize a loan of \$12,900,000 for municipal improvements, and the court at the same time issued a second injunction preventing the city from floating a loan of \$8,600,000, authorized by the voters at an election last November.

Eastern Railroads Show Big Decrease

Washington, March 31.—A decrease in net operating income of \$51,026,935, or 22.51 per cent, of the eastern railroads was described in a statement submitted to the interstate commerce commission at the resumption of hearings in the advance rate case covering a period of seven months ended Jan. 31, 1914, as compared with the corresponding period of last year.

G. O. P. Committeeman Quits.

Wilmington, Del., March 31.—General T. Coleman DuPont tendered his resignation as a member of the Republican national committee from Delaware at a special meeting of the Republican national state committee. General DuPont gave as a reason that increasing demands on his time by his business prevented him from giving proper attention to political affairs.

Summer Price of Coal to Be Higher.

Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded \$235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.

Our first excursion to this country of opportunity will be April 7th. For rates and terms see
